MANUFACTURING ENGINEERS WANTED

Amron, A Division of AMTEC Corporation, is a well-established company that has supplied critical metal components to all branches of the U.S. Armed Services and our Allies for over 50 years. This local manufacturing company with a solid future is currently seeking to expand our expertise by hiring skilled Manufacturing Engineers that can meet both our current and future needs.

EDUCATION REQUIRED

- 4 year BS Engineering degree - Manufacturing, Industrial Engineering
- Minimum 5 years work experience in Manufacturing Environment
- Excellent computer skills and time management skills.
- Strong mechanical aptitude and a willingness to learn in a team environment.

KNOWLEDGE AND SKILL REQUIREMENTS

- Assist manufacturing in solving equipment problems to minimize interruptions and production downtime.
- Advise management on new methods, techniques, processes, equipment, tooling, etc., which would improve operations.
- Analyze operational requirements, designs and dimension specifications.
- Perform engineering assignments relative to the development and design of tools, dies, fixtures, gauges, and special machine tooling.
- Prepare new machine, equipment and/or tooling justifications.
- Coordinate continuous improvement projects to include development, implementation, repair, and replacement projects.
- Must be self-motivated and possess good written and oral communication skills.

We offer a competitive compensation package which includes Health, Dental, Vision, Life Insurance, 401k, 401k match, HSA, Flex, Vacation, and Tuition Reimbursement.
