Finding and keeping employees can be a challenge, but apprenticeship gives you the opportunity to connect with professional individuals who are exploring careers. Apprenticeship is a statewide program that combines academic and technical instruction with mentored, paid, on-the-job learning. Learn how your business can implement an apprenticeship program and use it as an internal career ladder to promote current or new employees.

Northcentral Technical College (NTC) invites you to join us for breakfast to learn how apprenticeship programs can benefit your business. Youth Apprenticeship and Registered Apprenticeship will be reviewed followed by an employer panel where businesses will share best practices for implementing apprenticeship programs at your business.
