

Transportation Dispatcher:

- Coordinating and managing the most efficient loads to remain cost-effective as a company, combining shipments based on their routes and timeline to minimize how many trucks and drivers are out.
- Serving as a reliable point of contact to balance drivers' health and safety with customer requirements.
- Determining the best delivery methods and negotiating rates directly with brokers and customers, as well as scheduling drivers to pick up and deliver loads to customers or vendors.

Responsibilities: Schedule, execute, and monitor customer-specific freight pickup and delivery orders. Plan, coordinate, and track daily route assignments to drivers, efficiently. Record and maintain all load and tracking data into a computerized dispatch system.
